Corporate Background

Marine Contracting Management currently owns and operates two Marine Contracting Companies; Marine Contracting Group, Inc. and C&D Marine. The MCM corporate mission is to:

“Provide marine contracting and construction management value-add services to the market at a fair price. We will do so with the highest quality standards for our customers and the safest working conditions for our employees”.

Marine Contracting Group, Inc. is a privately held corporation in operation since 1992 with its' primary headquarters located in Punta Gorda. We are a Florida General Contractor providing heavy civil & commercial marine services; primarily in the areas of Shoreline revetment & restoration (seawall, rip rap, sheet pile), marina development & construction, and dredging operations.

C&D Marine has been in existence for 20 years, was acquired in 2004, and provides residential services as a dock builder and boat lift supplier servicing the greater Charlotte County area.

“We take great pride in being afforded the opportunity to present our qualifications”. Should you have any questions, or need clarification of any items in this brochure, please contact:

Brian Midolo
Director of Sales
Marine Contracting Group, Inc.

Marine Contracting Management, LLC was created in 2004 as the parent corporation for all consolidated companies.

Marine Contracting Group is a fully licensed, insured, and bonded marine contractor. Current bonding capacity is ten – fifteen million dollars aggregate.

All of our employees that are under a strict drug testing and safety program. All employees have continuous training and skill ratings with yearly performance reviews.

The executive and management staff of MCM has a combined experience of more than 150 years in the marine and general construction industries.

Value Add Services

- Municipal seawall & shoreline revetment contracts.
- Marina renovation of docks, boat lifts, gangways, dredged access.
- Commercial/Civil mechanical dredge projects.
- Design/Build commercial marine construction.
Includes: Marinas, small pedestrian bridges, boardwalks,
Pile/Sheet driving, Travel Lifts, and miscellaneous related projects.
- Municipal and residential dock-side dredging and construction.

Our Strategic Focus for FY11

- Continued safe, quality workmanship.
- Complete account satisfaction.
- Negotiated Work Opportunities.
- Asset management – fiscal responsibility.
- Market share penetration.
- Continued profitability.
